ESS Data Set Categorization

TLADS Drill

Categorize each of the variables in the ESS dataset as categorical or continuous, and if continuous as ordinal, interval, or ratio variables. Check your work with your mentor, and discuss what that information might imply for feature engineering with this data.

Country – categorical

Year – continuous, interval

ID number – categorical

Tv watch – continuous, ratio

Ppl trust – continuous, ordinal

Ppl fair – continuous, ordinal

Ppl help – continuous, ordinal

Happy - continuous, ordinal

Socially meet – continuous, ordinal

Take part in social – continuous, ordinal

Gender – categorical

Age – continuous, ratio

Lives with partner - categorical
